

## Annika Winkler, MSc

### Interests/Skills

- CRISPR/Cas9 mediated gene engineering in vivo and in vitro
- cloning (BAC recombineering, gateway, conventional cloning)
- generation of targeting vectors for transgenic mice
- molecular techniques

### CV

- since 01/2016  
Technical Associate in the lab of Prof. Dr. Johannes Schulte  
Charité Berlin Campus Virchow Klinikum
- 10/2012 – 12/2015  
Technical Associate in the lab of Prof. Dr. Mathias Treier  
Max Delbrück Centrum for Molecular Medicine Berlin-Buch
- 10/2010 – 09/2012  
Master of Science at Leipzig University  
Masterproject in the lab of Prof. Dr. Mario Mörl
- 10/2007 – 09/2010  
Bachelor of Science at Humboldt University Berlin  
Bachelorproject in the lab of Prof. Dr. Thomas Börner
- 07/2007  
Highschool graduation at Humboldt Gymnasium Eichwalde
